

On behalf of one of our customers we are looking for a professional

Permanent
placement

IT PMO Manager (m/f/d)

Our client is a pan-European alternative investment firm. The Group has offices in London, Munich, Amsterdam and Dusseldorf. Due to the growth of the portfolios, our client would like to strengthen the operations team in Germany and the UK and is therefore looking for an IT PMO Manager (m/f/d). This is a permanent direct placement.

The challenge:

Permanent position / London | Munich

- Collaborating with other department leaders to define, prioritize, and develop projects
- Planning project management, including setting deadlines, prioritizing tasks, and assigning team members to various deliverables
- Developing and implementing project controlling and maintaining an overall view of all projects
- Draft new and improving existing project management office policies and processes
- Change Management across the project portfolio
- Provide Project planning, Milestone management, Scope management, Resource forecasting
- Oversee the development of the project and ensure that team members are carrying out their tasks efficiently
- Evaluate projects to ensure they are meeting company standards, adhere to budgets, and meet deadlines
- Prepare regular status reporting for the engagement leadership

Key Experience / Skills:

- Successfully completed studies in Computer Science or Information Technology or comparable degree
- At least 5 years working experience as PMO Manager or in a similar role. One full life cycle project experience as a PMO would be preferred
- Knowledge of project management and accomplished use of project management tools
- Ability to organize and work with people. Line management or team leadership experience is beneficial
- Decision-making capability, assertiveness, and entrepreneurial thinking
- Ability to summaries results and present them to stakeholders
- Attention to detail
- Excellent verbal and written communications skills. Fluent English is a must, German is beneficial
